## 2. Artwork Information (continued)

Artist Statement - A detailed story about the work for viewer's understanding.

I envision and build digital alternate realities. Artworks that are abstract but somewhat referential, including images and symbols originating from the physical world.

The positive vibes that moved me to create Acidnene, is a gentle mysterious phenomenon. Who knows the origins of a kiss and the wonderments of blowing one. To me, a kiss represents the start of love chronicle, that we naturally choose to give and receive.

And how other than to add to this journey than with the perfection of flora and fauna. They are charmingly simplistic but yet intricately perfected by nature at it's best and at it's worst too. The inspiration that worked through me has put the puzzle pieces in right harmony. And I found myself only a vessel at the mercy of this creation.

How I long for you to envision and be submerged by this wonder. Please wonder well where you wonder with Acidnene.

My love to you.
