Artist Statement - A detailed story about the work for viewer's understanding.

As a photographer, my aim has always been to capture rare moments and adventures. It is always hard to intercept a perfect shot and lighting however, I am blessed to have experienced a unique occurrence last summer.

Where can you find the ocean in between the arc of a rainbow?

Mark Twain was indeed right when he once said "Mauritius was made first, and then heaven, and heaven was copied after Mauritius." This picture was taken on the way to the top of the iconic Le Morne Brabant, which is a UNESCO world heritage site residing intense and patriotic emotions of the slaves who chose an unshackled life instead of serving masters.

On top of the mountain, you get a beautiful panorama of the Indian Ocean shore along with a rare manifestation of the rainbow across your view. Hence the French name, "Arc-en-Mer".
