Artist Statement - A detailed story about the work for viewer's understanding.

Atana - Leader of the pack, she restores balance with her heart driven leadership. Daughter of the last chief, a lineage of royal DNA flows through her veins but do not be mistaken, war-wolves choose their leaders and she was chosen. Master strategist, she isn't your typical brute, she uses her might and high intellect to lead any mission to success in the most efficient way. Do not be blinded by her feminine stature, she is strong as a tank and extremely agile.

The Tsaruk Clan, the infamous pack of war-wolves. War wolves are genetically bred hybrids designed to be the most ferocious and amphibious tactical killing machines on any terrain. Their bones have been engineered into reinforced silicon carbide, making them virtually unbreakable and their flesh produce reptilium, allowing them to heal from any weapon injury faster than a blink of an eye.

They are mercenaries, they do not take orders from anyone, they only take contracts. In their culture, jewellery is both a symbol of prestige and signals high mercenary rank.
