## 2. Artwork Information (continued)

Artist Statement - A detailed story about the creator, their artistic inspiration and the creation process of the **specific** artwork for viewer's understanding.

Yekaterina Guzikova (Yekaterina Vassilenko) is an artist and illustrator from Almaty, Kazakhstan. She has been drawing since childhood. She studied at the Academy of Architecture and Construction in graphic design.

She is interested in how the environment, architecture, and culture affect people. After all, nature in its original form is beautiful. Perhaps those who see more beauty in life feel happier. And in this sense, she dreams of trying to bring more beauty into this world with her work and heal people. People will become more conscious and sensitive to themselves, their loved ones, and their environment.

"Mind Blooming" set inspired by the flora cost of the Mediterranean Sea in Turkey, where Yekaterina spent her summer vacation, healing after COVID days. Yekaterina believes that a surprise bouquet of any bloom raises a smile and heals every human. Here is a set of 5 flowers that can improve your mental health.

Chrysanthemums improve mood.

Flowers can chase away anxieties, worries, and the blues, making people feel less depressed, troubled, or agitated by their color, smell, or even the act of giving or receiving flowers.

Chrysanthemums lessen symptoms of worry and stress. This flower cools and relaxes our bodies.
