Artist Statement - A detailed story about the work for viewer's understanding.

I am a digital artist who loves photography and the art of capturing moments. Through my art I try to create emotions or sensations by mixing collage, old restored photographs, digital techniques , modern photographs, historical characters or elements from my childhood. Each piece is unique and is born from my own thoughts that are often mixed with dreams in abstract worlds full of fantasy.

'If we think about it, every day we travel through our brain. I love to imagine that in our mind there are many little black holes and that thanks to them we can travel from one place to another building our ideas and memories. Sometimes it is beautiful to travel through these black holes without wondering where you will come out, fly from one memory to another and to enjoy again the beautiful corners of our memories.'
