## 2. Artwork Information (continued)

Artist Statement - A detailed story about the work for viewer's understanding.

Erebus was the primordial god (protogenos) of darkness and the consort of Nyx (Night), the thought of an overlord ruler of darkness has always fascinated me. This art was created with a modern aesthetics so as to show that such gods live very long and they might still be a reincarnation of them. Each elements in this piece were created digitally in my own image (juxtaposing to THE CREATION) with the use of 3d, i created this character with little to no similarities to the real EREBUS except from the consistent darkness in his reality.

He is seen as a dark skinned man with glowing gold iris and black sclera, to represents his "all darkness" and he's also on 2 piece suit with golden butons.
