Artist Statement - A detailed story about the work for viewer's understanding.

The feminist idea of this NFT series of works is to combine images of real people and comics superheroes in a simple and understandable style that, in contrast to conservative classics and abstract paintings.

Based on the idea of Superwoman, Shimova created this series of paintings centered on this iconic character of the Marvel universe. To celebrate the unity of a living person and her inner superhero, Shimova dresses her heroines not in traditional costumes but with paint flowing down her body.

Regardless of the presence or absence of her costume. Once the paint reaches the bottom of her body, she will just be a person who is naturally unique. This is the beauty, strength and other superpowers inside of each of us.
