2. Artwork Information (continued)

Artist Statement - A detailed story about the creator, their artistic inspiration and the creation process of the **specific** artwork for viewer's understanding.

I always wanted to experiment with different sounds and a new genre from what I usually make. I have always loved EDM so I wanted to make a beat that reflected this side of me. This song reflects a character who had an experience in a relationship in which she is trying to forget it however she knows that there is still a part of her on his mind and she doesn't want to make the mistake going back.

We've all been there where our urges want us to go back to the place where we came but we know its not a good idea. This song is a reflection of that
