2. Artwork Information (continued)

Artist Statement - A detailed story about the work for viewer's understanding.

The premise of my art is mainly based on communicating visions and messages from psychedelic spaces to a broader audience through 3D concept art and visualizations.

Most if not all of my work is an interpretation of my personal experiences and visions I've managed to achieve through dreams and exploration of psychedelic spaces. This involves mostly conceptual work as seen in "Matrix" or sometimes more fractal or geometric visuals.

I hope to bring "other worldly experiences" to a broader public through 3D experimentation. Messages which are often suppressed by mainstream publications due to the negative historical and societal connotations words like "psychedelics" or "plant medicine" usually carry.
