Artist Statement - A detailed story about the work for viewer's understanding.

Ross William Ulbricht had an online pseudonym "DPR" known as the Dread Pirate Roberts. Being a genius in technology and having a great knowledge in economics, Ulbricht created Silk Road, a website where drugs and anything else can sold/traded using Bitcoin.

In the black market world, it was a success, but it soon became his failure when the FEDs came in. Silk Road started to burn into ashes and DPR watched it with a broken heart. Consequently, both fell into the darkness to face trials.

My work is a reminder of how powerful the digital ecosystem can be and how destructive it can be. To achieve this representation, I composed the elements amidst a black/greyscale colour palette.
