Artist Bio:

Shakoor Bukhuth aka SHAUN BEYOND is a multifaceted Graphic Artist, Illustrator, Concept Creator and Explorer, born and raised in Mauritius. The whole idea behind his work is to visually explore the metaphysical and psychic world centered around alternate realities and possibilities, beyond the boundaries of conditioned thinking. His major concern is to create surreal and avant-garde worlds and characters infused with mysticism, through which he can express his curiosity, in search of his own ultimate truth by re-thinking and redefining the nature of reality, by creating a language of forms inspired by both the surrounding and inner world, re-working aspects of various visual languages by bringing them into a contemporary area of study.

Artwork info:

This piece of work is about the embodiment of the act of observation, represented here as a higher dimensional instrument and its effects, causing disturbance, interferences and changes of such observed systems, situation or phenomenon and how it affects the properties of particles and matter by altering the state of what it can measure. The Observer is also a quiet witness representing the higher-self, seeing the true nature of occurrences, beyond any kind of judgment, with a stance of wisdom.
