## 2. Artwork Information (continued)

Artist Statement - A detailed story about the creator, their artistic inspiration and the creation process of the **specific** artwork for viewer's understanding.

This piece was created with the intention to sooth and intrigue. It was inspired from Canadian forests in winter and the still, crisp, mysterious silence one can feel in them. Using both analog and digital techniques, achieving warmth through sound design, lush chords and a grounding beat, this track turns into an immersive experience that takes the listener on a journey. A three minute story.

"Mixing my usual sound in a different way in a slower BPM, makes this track a one a kind piece that I'm happy to share with the Lootverse community through Aya Curators" - Jossie Telch
