2. Artwork Information (continued)

Artist Statement - A detailed story about the creator, their artistic inspiration and the creation process of the **specific** artwork for viewer's understanding.

I am Mohammad Asif, a Mechanical Engineer. After my graduation I was a bit worried about my career. I was always into editing pictures and videos. I have enjoyed every bit of time spent on my art. There are a lot of artists out there on social media make arts of different forms. Somehow they have always inspired me to continue my work. One of my friend introduced me to NFT and how big this world is. Since that day I've been working on ideas, creativity and bringing them in an art form.

This set of art has been very close to my heart, as it represents the culture, tradition, values and existence. When I was made aware about this topic, Dushera was around the corner. While wandering around in this festive season, every face and its happiness reminded me of the background I come from and society and its norms. It inspired me to present this reality into an art form for the world to see, how vast and colorful is the Inheritance of India.
