HER MAJESTY’S GATED WORLD

As an economic and ruling powerhouse, the Great Empire controls the issuance and trade of BUN, LTT, and USDC reward credits. Decisions by its sitting parliamentarians affect Loot NFT World. Following the last war, border controls are tight and only invitees can enter. Each Sunday, all eyes focus on the Arena and the Crown's Podium, where battle-bidding auctions rage. The battle pit is not for the fainthearted and strategy plays a crucial role in winning.

OFFICIAL PERSPECTIVE SHEET FOR FILING
Indicate vantage point for each drawing. Copy and mark each sheet required prior to filing.

Guide - Vantage point should be indicated as shown in the diagram:

A large grid of lines for drawing. The grid consists of four vertical lines and two horizontal lines, creating a series of rectangular cells. The central cell, defined by the second and third vertical lines and the two horizontal lines, is highlighted with a thick black border. Below the horizontal lines, the vertical lines continue downwards but are slightly angled outwards, suggesting a perspective view of the grid.
