

# LOOT NFT WORLD

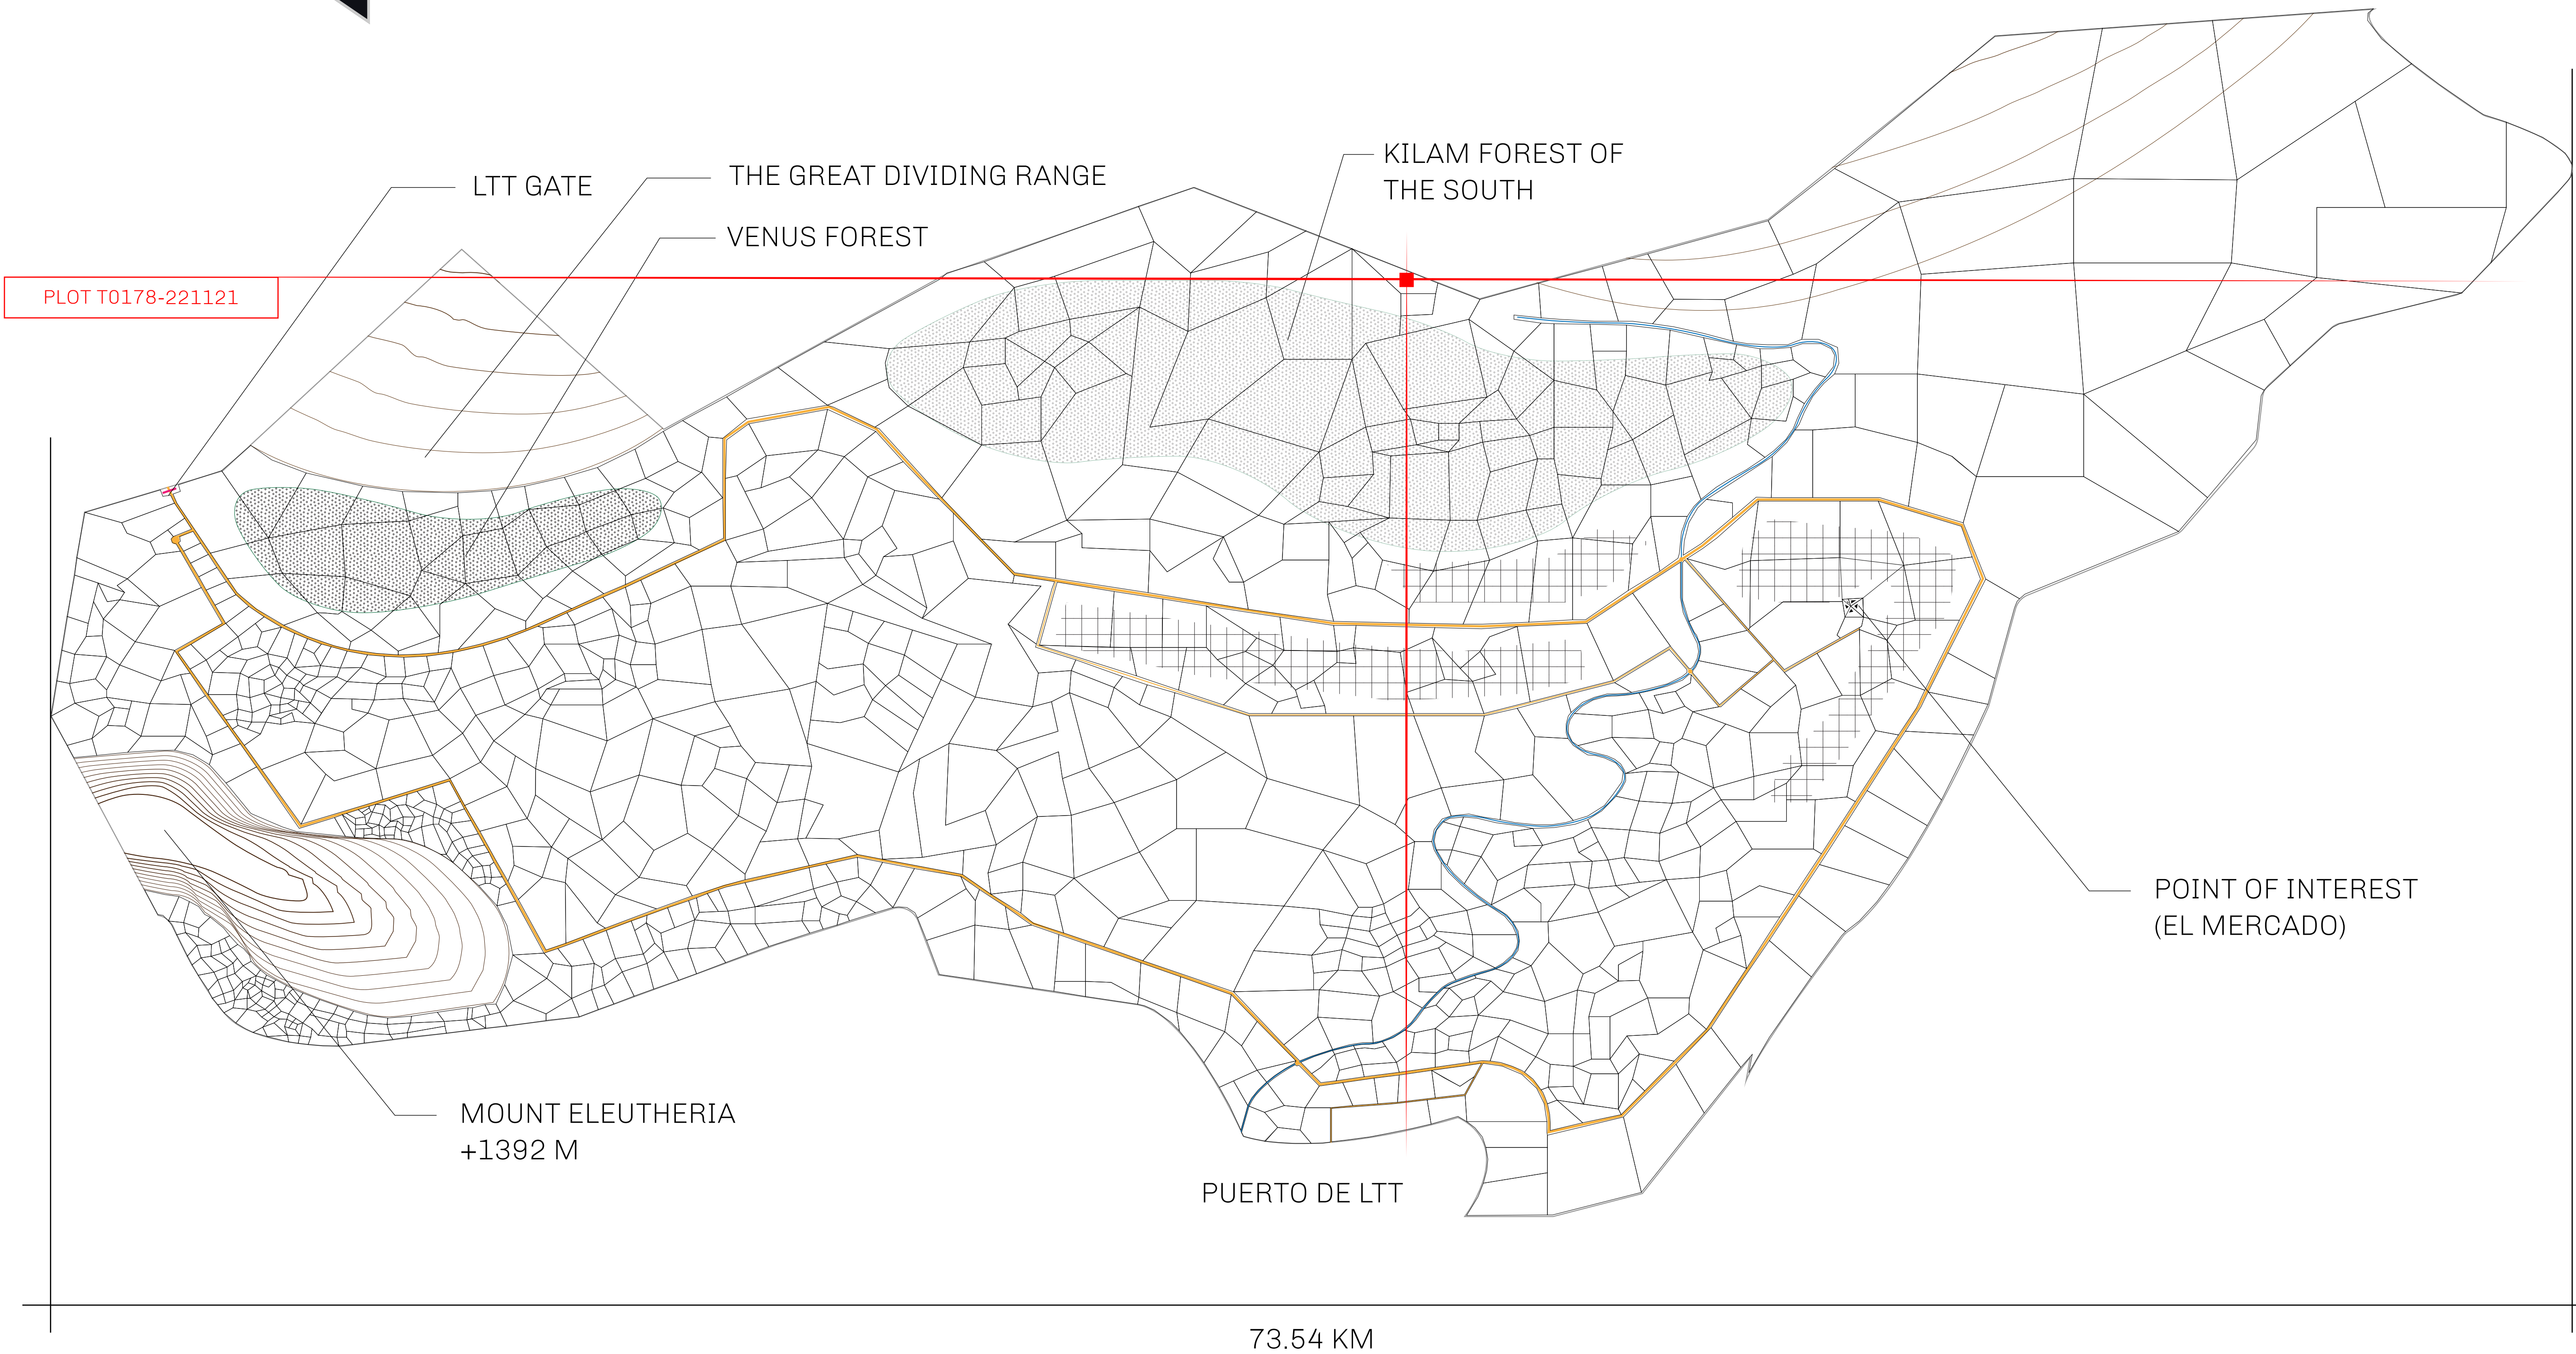

THE SPANISH ARMADA

The most flamboyant of all of the states, this Spanish-speaking territory houses a clash of cultures. From the LTT trades in the El Mercado district to the solicitations for invites to the Great Empire, and even the traveling Caravans, it is a transient place; people are always on the move on the way to the Great Empire or a trek through the Dividing Range to the Royaume De Satoshi. Commerce uses derivations of LTT such as LTTE, LTTB, and LTTG.
