LOOT NFT WORLD

Rankings Scoring Table

How We Assess A User's Rank?

We first assign scores to user activity. Below is a list of activities and their corresponding scores. This list will be expanded over time, and the scores may be amended by the Parliament (member-governance group).

(1) Degrees
- 1st Degree - **100 Pts**
- 2nd Degree - **500 Pts**
- 3rd Degree - **2,000 Pts**
- 4th Degree - **3,000 Pts**
- 5th Degree - **10,000 Pts**

(2) For each NFTs won, this equals **10 Pts**.

(3) For each LTT mined, divide by 250, then round down, and that equals the number of Pts for that activity.

(4) All registered users get **1 Pt**. Once only.

(5) All registered users that have bought at least 1 BUN pack receives **25 Pts**. Once only.
